

I, [African Bank], the undersigned, hereby authorize Transhuman Technologies, a software development company with Google Play Developer ID 6248699738562803435, to use the name, logo, and branding of African Bank for their Smart Leads application. This authorization is for the Google Play Store package named com.smartleads.boostr.

The purpose of this authorization is to enable Transhuman Technologies to develop and publish the Smart Leads application under the African Bank brand. The Smart Leads application is intended to provide a platform for customers/sales agents/Brokers to interact with the features and benefits of African Bank's products and services.

I understand that this authorization will be used solely for the development and publishing of the Smart Leads application and that Transhuman Technologies will not use the African Bank brand for any other purpose without further authorization.

I also confirm that I have the authority to grant this authorization on behalf of African Bank, and that this authorization does not infringe upon any intellectual property or proprietary rights of any third party.
